**Sin will take you further
than you ever want to go**

Is alcoholism or drug addiction an incurable disease? In a world of so many religions what is the truth? Is there victory over the spirit world and protection from evil spirits? Answers to these questions and more through a testimony of Jesus Christ's transforming power in a life! Want answers?

Would you like to know how to get free from your sins and live a victorious life? Come and hear what God can do for you.

**It's not too late! God can make
something out of your life.**

Alcohol, drugs, and evil spirits all had their hold on my life. I tried to stop, but could not break free on my own. Counselors and Alcoholics Anonymous only taught me to suppress the problems, a friend practicing black arts could not help me. Then a supernatural power like no other on Earth, intervened in my life when I repented of all my sins.

Jesus Christ brought Deliverance from every bondage!
