

Thank you for taking the time to learn about our Holiness Pioneers Initiative. In 2014 God expanded my vision to see the great need to evangelize in the state of Utah. We started taking evangelism trips to Utah in 2015. Over the years we have often seen people pray for salvation and the need for a church became apparent. By 2018, I came to realize that there were more states besides Utah without conservative holiness churches. Besides Utah, these states are in need of churches: Minnesota, Wisconsin, New Hampshire, Vermont, Rhode Island, and Connecticut. These great voids, led to more prayer and sensing the leading of the Lord to start what we call our Holiness Pioneers Initiative. With a burning burden of heart to see the bright light of Holiness reach all states, our Holiness Pioneer Initiative's vision is to do Exploration Evangelism and all we can to encourage the planting of conservative holiness churches and missions in these states. As the Lord leads, we are looking to see new churches or mission stations launched as part of existing conservative holiness denominations and associations. We want to partner with conservative holiness groups to establish these new churches under their group.

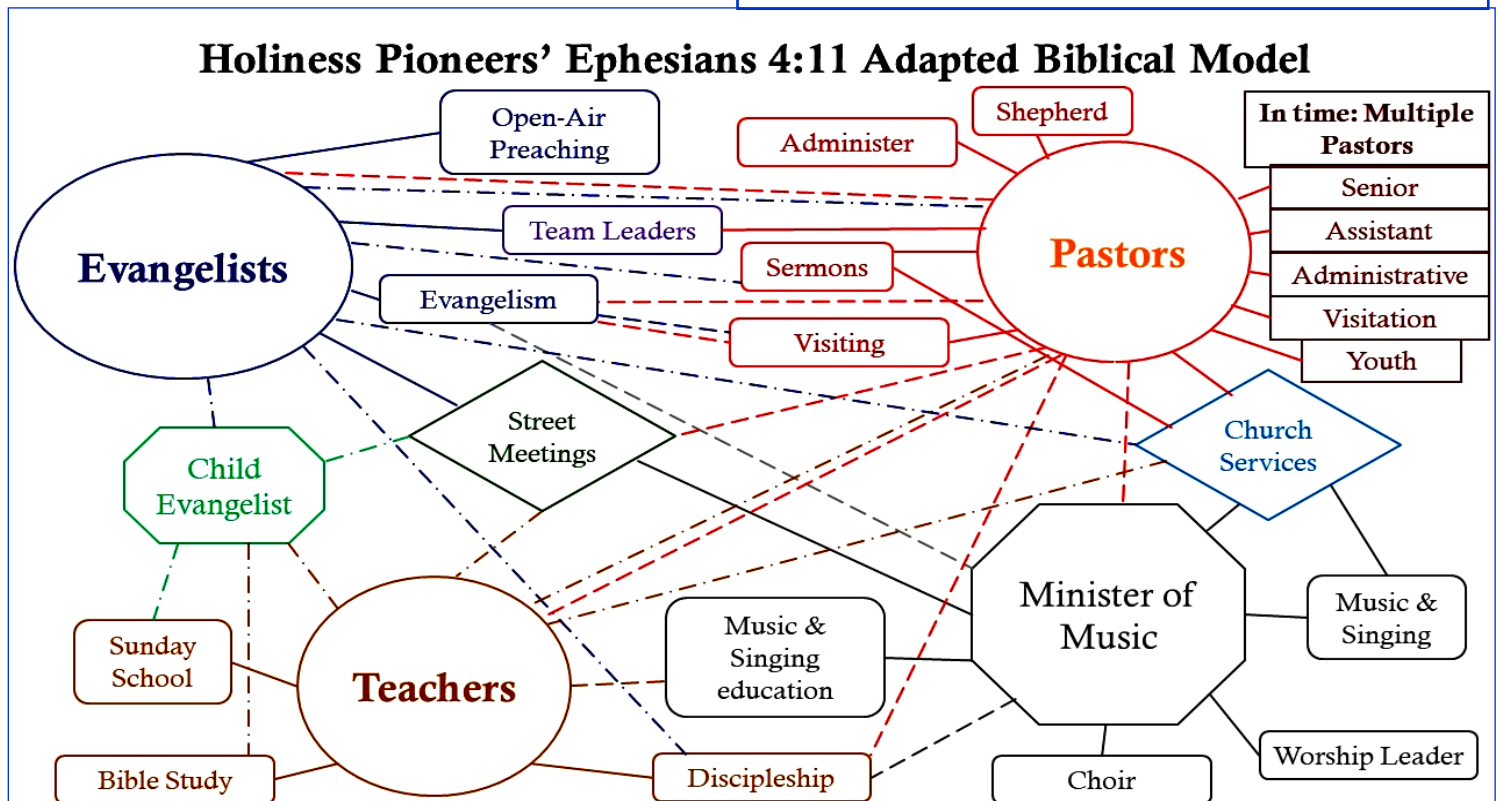

We plan to do this by making evangelism trips to the major cities in these states. Then once we have newly saved people or find Christians who are hungry

Please pray for these states without holiness churches in them. Do you want to partner with us to start churches? There is a great need for workers and people to help fund the work and workers. Please pray and give as God leads you.

The diagram below shows our proposed structure. If you watch this video you will find some explanation of how it works: [EvangelismMission.com/videos/hpe411](http://EvangelismMission.com/videos/hpe411)
