Watch: <https://EvangelismMission.com/videos/2025-08-hollywood>

Dear beloved readers,

Thank you for your interest in our news. God is awesome and always doing wonders to behold! We are celebrating our 19th Anniversary of founding the mission work! I am So glad to share what God is doing through Evangelism Mission. As I share about the many ministry events in Salt Lake City (SLC), two mission trips, and evangelism events in PA. May God be Highly lifted up.

When I last wrote we had just finished our revival meeting with Bro. Will Black assisting. The theme of the revival meeting was "The Overcomers Pilgrimage." The first two nights of service videos are ready to watch at:

<https://EvangelismMission.com/videos/2025-07-slc-op-part1>

<https://EvangelismMission.com/videos/2025-07-slc-op-part2>

Unfortunately the third night's sound did not come through on the video, so we Bro. Black speaking that night failed to record.

### Late July-August and Mission Trip 80

The end of July through August was spent in Salt Lake City, UT (SLC) and on Mission Trip 80 to Arcadia & Hollywood, CA.

### Salt Lake City (SLC)

We did several evangelism events in downtown SLC. We met faithfully every Sunday afternoon, alternating locations every other Sunday: one bi-weekly Sunday church services was held in Washington Square Park (WSP) across from the SLC Main Pub-

lic Library, and other bi-weekly meeting, called "Meet-Up with the Word," was held in a library conference room. God was at work in all locations reaching souls. We typically have visitors in our park services and occasionally in the library conference room too. You can see in this picture above some who were attending faithfully every Sunday since early summer and some who were visitors.

When I travel on mission trips, Paul Johnson our faithful helper in SLC, sets up our church laptop and projector so I can do zoom video conferencing to the congregation. This way I am able to lead the service when away. I can see and hear them as well as they me.

### Mission Trip 80

This trip was to Arcadia, CA. It was great to be with Bro. Matthew Brewer and his wife at the Wesleyan Holiness Church. Prior to arriving in Arcadia, I worked remotely with Sister Brewer to develop a brand new Facebook page and ads for the events. We did a large door-to-door evangelism event, canvased the area sharing the Gospel and inviting people to our service in the park and to a service at the church. Many from the Bible Holiness Church in San Bernardino, CA came to help us with outreach. Check out our canvassing crew in this picture (right).

We did one service in the park and the Brewers sang and preached and I led the service. I also spoke in their Sunday evening service. We were glad to see people attend the events. I also did tract evangelism in the park another evening.

While in Arcadia, I took a short trip to Hollywood, CA with Bro. Israel Montes the assistant pastor at the Bible Holiness Church in San Bernardino. He and I passed out tracts and I did some open air preaching. God's Word was Proclaimed! (see ban-

ner Picture above for video)

After returning to the SLC area from Trip 80, I continued

holding Church in the Park or Meetup with the Word in the Library on Sunday afternoons weekly. It was so nice to have David, Ladonna, and Paul help on the street at times and setup for church in the park. David liked holding our scripture signs and loves passing out tracts where ever he goes. I left a sign with him so he could do sign and tract ministry while I'm away.

The small trailer has been such a blessing. In addition to transporting our outdoor church equipment and things for a future church building, our trailer also has become a great place to store equipment and supplies not needed when I take long mission trips back east.

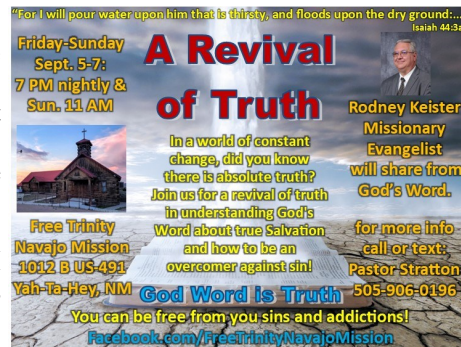

Thank you Living Waters Mennonite church in Provo, UT for letting me park our church trailer at their church while away on my long distant Mission Trip 81 & 82. Please pray we can find a place that would facilitate not only our Sunday services, but have space for the outdoor church equipment trailer.

Also please pray I'm able to get another SUV this April when I'm home in PA. My little Honda CRV is maxed out towing this trailer and it may not last long doing so. I also need to step up to a midsize SUV so I can not only pull this trailer safer, but have more seating to pick people up for church services and equipment storage for the streets when not talking the trailer. It takes a special type of SUV to flat tow behind a motorhome.

### Mission Trip 81

My first stop was the native American reservation near Gallup, NM. It was great to be with pastor Doug Stratton. There I preached a revival meeting at the Free Trinity Navajo Mission. I designed flyers and ads for Facebook prior to arriving. We did some

canvassing and sharing the Gospel door to door. God was there!

Trip 81 also commemorated the Motorhome's 100,000 mile birthday. We paid off the motorhome almost a year ago thanks to the help from a donor. Now because of necessary advancements of towing capacity and because I am now living full time in the motorhome, I am praying for another motorhome. Pray I can find one that is quality built well for longevity with a higher weight and tow capacity. The current motorhome will be under rated and beyond it's legal weight limit for towing the upcoming heavier midsize SUV and at times the trailer too. We also need more sleeping quarters and storage.

Next stop on Trip 81 was Independence, KS, where I was blessed to park the motorhome at the Independence Bible Holiness Campmeeting grounds. I spoke in one chapel service at the Independence Bible School about "Marks" on our Lives & "Marks" on the Lord Jesus. God used it to minister to hearts. It has been many years since I was able to come through independence and was glad to get reacquainted.

I also did an evangelistic outreach weekend with Pastor Adam Davidson and his wife at the Bible Holiness Church in Caney KS. There we shared the Gospel throughout their town door by door and invited people to our church in the park service and special service on Sunday at the church. This church is being restarted after a time of being closed for a while. I also helped them make a temporary sign until they can get a better one made. God was there and we had visitors at both services. I was also grateful to hold a mission service at their Elk City, KS church.

Next stop was Bentonville, AR. I held a deputation service there at the Wesleyan Nazarene Church and also went to the University of Arkansas in Fayetteville about 40 mins away. God move on that campus. Students were gripped by the preaching. God opened up some good conversations. Most students took gospel tracts. You may what the video here when its ready: <http://EvangelismMission.com/videos/2025-09-uark>

Future Pastor Conference and School of the Prophets held in Pell City, AL was my next stop on Trip 81. I got in town nearly a week early to hold a deputation service at the West Blocton Bible Methodist Church. I was also able to do a campus evangelism event at Univ. of AL in Birmingham. I walked around the campus and passed out tracts. God used this to reach many souls with the Gospel.

At the conference, I represented our mission work connecting with bible college ministerial students and displaying our latest recruiting banner.

It was so awesome to see Bro. Malik Evgan there (picture right). For those who don't know, Malik got saved in downtown Cincinnati when I talked and prayed with him during our street meeting. That was in the Spring of 2023 and by the Fall he started attending GBSC. Praise God he is serving the Lord and studying for the ministry. This was an exciting day! Another wonderful thing Malik shared with me, is that his sister just got saved the week before the conference. When I asked him if he knew what area of ministry he was called to, he said he feels led to preach. I asked: like pastoring? Then he shared, as a "street preacher." PRAISE GOD!!! I invited him to join our mission. Let's see where God takes him. Please pray for Malik and his Charge to Keep and Calling to Fulfill!

It was also so good to see Bryan Witt there too. He was our IT Manager for over 1.5 years. He asked me if there were any good places to do street ministry nearby. I told him about Birmingham and suggested some places they could go. Bryan then organized and led an evangelism event in the park in Birmingham, AL. If I remember correctly there were 16 on the bus. Our mission supplied them with thousands of gospel tracts. He has always been good at getting GBS students to join us on the streets when I'm in Cincinnati.

Bryan is off to new endeavors now. He resigned as our IT Manager just before the Fall semester because the level of work was going to be too much now that he is a dual major through GBSC as a ministerial student and studying computers through GBSC interlinking college connections.

I also followed them down to Birmingham and pickup Benjamin Kaki a student at PVBI from Papua New Guinea. He and I went downtown and we both open-air preached. You may watch the video of our downtown preaching here:

<https://EvangelismMission.com/videos/2025-09-birmingham>

Next stop, Pearisburg, VA. There I held a mission service and also drove my car to hold a mission service in Galax, VA. Watch the most comprehensive mission service of the year here: <https://EvangelismMission.com/presentation>

Praise God, on this tour we had a donor rise up to support our SLC work. He will be covering 6 months of RV Lot rent which is over \$1100 a month. Please pray others will join in the funding for SLC. Our projected budget for this city mission outreach is around \$2300/mo.

From Pearisburg, we went to Virginia Tech University. It was good to have Bro. Urie and His daughter Angel, as well as Bro. Ben Steese and his daughter. Bro. Steese is the new pastor at Pearisburg. Mission Trip 81 ended at home in PA in Early October.

**Pennsylvania Oct. and Nov.**

Around motorhome maintenance, office worker training workers, newsletter production, and more: I held many evangelism events in PA. We went to Harrisburg twice, Bloomsburg, twice, Wilkes-Barre, and State College near Penn State Univ.

The same night I arrived home, I found out David Wise and a new brother Dave were heading out for a late night in Bloomsburg near the bars. So I joined them. We did some preaching and Dave played his accordion. We were verbally attacked by a demonized woman. Even though this was a hindrance to the night, there was an important interesting conversation with this young lady where God inspired an explanation about there only being one interpretation of what God really means in His Word. It was not only enlightening for her, but me too, as it became so clear to me how to help a person to know there

is only one correct interpretation that matters. Only what God truly means! God's anointing is not always a mighty fire, sometimes it is His still small voice of wisdom! You may watch the video here: <https://EvangelismMission.com/videos/2025-10-bloom>

For space and time sake, I'll mostly share some pictures of the remaining events and their video links if there is one. Praise to God alone! Thank you everyone who helped.

During our 2nd street meeting in Harrisburg, our Camp Hill God's Missionary Church had several join us. God used Sister Ruth Mullen to talk to people one on one. Praise God for a senior saints out sharing the Gospel and sharing her love and compassion with souls.

Please prayerfully help with our End of Year Fund Drive

<b><u>2025 year end close-out and Jan 2026 budget</u></b>	
<b>General Fund Expense Goal:</b>	<b>\$ 13,292</b>
<b>Rodney's Missionary Fund Goal:</b>	<b>\$ 28,009</b>
<b>Holiness Pioneers Initiative Goal:</b>	<b>\$ 8,106</b>
<b>Equipment Fund Goal:</b>	<b>\$ 10,750</b>
<b>Total Mission Goal:</b>	<b>\$ 60,157</b>

You may read the details of our End of Year Fund Driver here: <https://EvangelismMission.com/newsletters/2025-fund-drive.pdf>

**Help Wanted:**

We have a new worker helping with office work and PR. We are in a trial phase and hope to be announcing more in the near future. Please pray for our great staffing needs in the following areas: Office Work, Media Management, Public Relations, Database management, HolinessMovement.org liaison, video editor, and the greatest need of all is more laborers: streets & campuses evangelist, pastors, discipleship ministers, and more.

To learn more visit: [Team.EvangelismMission.com](https://Team.EvangelismMission.com)

**Please pray for Mission Trip 82**

The Lord willing: this trip to NC, IN, and UT. Please pray for souls to be saved, safety, wisdom, and travel funds. Upon arriving in SLC, I will evangelize the city and hold church services and bible studies. The Lord willing, I will also make short mission trips to evangelize areas of the West and help small churches.

Thank you for all your prayers and support across these 19 years. God has been so good and has done mighty thing!

A servant of the Lord Jesus Christ— Rodney Keister
