March 2016  
News Update

Greetings Brothers and Sisters,

Our 29th mission trip concluded on March 25th, and I leave again on March 30th for mission trip # 30. Please pray for all the souls encountered to prosper in the faith. Below is a brief news update.

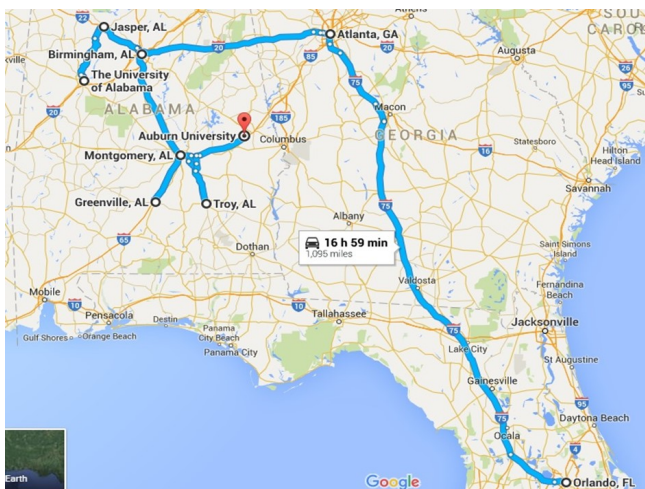

I have released 8 more videos on our YouTube channel of open air preaching and testimonies from the streets. You may visit our YouTube Channel "Evangelism Mission" to view them. If you subscribe you will get automatic notices whenever I post new videos.

There have been five specific occasions where our 1st amendment rights (free speech) have been violated by police and campus staff in Alabama, Georgia, Florida, and Virginia. Three of the five occurrences when I took a strong stand and explained the correct laws on the matters, they backed down. But in Alabama and Florida there were two places that required us to leave with the threat of arrest if we did not comply. There may be federal civil rights cases launched by the Center for Religious Expression or other similar law groups in the near future for our violated constitutional rights. Once the videos have been viewed by the attorneys and I know the directions of the lawsuits, I plan to release the videos of the encounters. Please pray for the souls of the police and staff who persecuted us.

Please pray that justice will be served and every one of our constitutional rights will be preserved. If we don't stand for our rights we will lose them quickly! Even the Alabama Supreme Court Chief Justice, Roy Moore, who Jack and I met with, explained we had every right to free speech both on the US Constitution level and he also pulled out the Alabama State Constitution and read the areas where the University of Alabama had violated our rights. Pray, Pray, Pray!

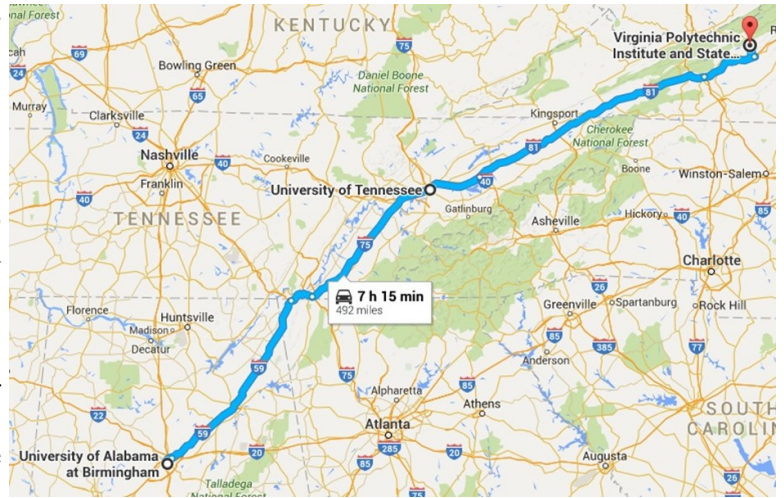

Dave Frederick, my first volunteer, headed back to PA after getting out of the hospital for the second time in Orlando. Please pray for his continued recovery. Praise God for providing the mission work with another volunteer before Dave left for PA. Rich Edwards who is a street preacher from Orlando that I met in West Palm Beach, FL, "just so happened" to be on Spring Break from college the very week I had no help or pastors I was working with.

Rich traveled and ministered with me for most of a week as we did door to door, campus and street evangelism in GA and AL. Jack Hamlett arrived safely in AL Saturday March 12th, the day after Rich took the bus home to FL. Jack and I kept busy visiting the Judges who Jack made connections with, we were able to evangelize at Auburn University in Auburn, AL and a little tract ministry in Montgomery and Troy, AL. While at Auburn University, Jack was able to dress up as George Whitefield and John Wesley and was an effective witness that way. People would walk up and ask him who we was supposed to be. This would lead to a conversation of what George Whitefield and John Wesley taught. You can see most of the places where we have been since leaving FL in the phase 3 & 4 maps. Unfortunately Jack also got sick and had to leave

early. So I went on to do evangelism at the University of Tenn alone. At Virginia Tech we were blessed to meet up with Bro. Arles Pyles and his new wife Marissa. Sister Marissa did a good job reading scriptures aloud with anointing and Bro. Pyles preached with the help of the Lord on the campus. I also preached for a short time. Video coming soon.... Thank the Lord for His help and direction.

Please join us in praying that all the funds come in to meet our upcoming trip expenses for April and May, our winter utility and propane bills, and our regular operating expenses. We have had no mission deputation services in the month of March, so we are fully dependent on our regular and frequent supporters to meet the mission needs. Hopefully I will get the fund drive page updated soon around our crazy schedule. I know there are still many great needs to be met and that we

serve a big God who knows how to meet them all. God Bless you all!

You prayers and support are greatly appreciated.

Thank you,

Rodney Keister
